

## Wood aluminium glazing line consisting of the RU-DKFA turn tilt table and two roller conveyors RU-RB3500-AD

For the economic mounting and glazing of wood aluminium windows

The RU-DKFA can be used as a stand-alone machine or integrated into a roller conveyor production line. The Table can be turned with the sash on top trough The roller conveyors RU-RB-3500-AD while its tilted. After the mounting of the aluminium frame the table will be tilted up and the sash be transported off on top of the roller conveyors.

### Equipment and accessory RU-DKFA:

- The working platform has 4 in the width extendable bars 900-1300mm and one in the height adjustable bar 1200 - 2000 mm covered with felt.
- Declination 7°
- 2 Cylinders
- Loading capacity 100Kg
- Adjustable working height 850-950mm
- Roller conveyor length 1000mm, contact surface PVC rollers, roll length 43mm, axe distance 66mm

### Equipment and accessory RU-RB-3500-AD:

- 2 pieces roller conveyor each 1750mm long
- Cut outs for the table.
- Contact surface with PVC rollers
- Roll length 150mm axis distance 150mm

### Technical Data:

Type	Order-Nr.	Dimensions
RU-DKFA turn tilt table	10589000	900-1300mm x 1200-2000mm
Roller conveyor, PVC rolls, roll length 100mm	6449-4	
Pneumatic adjustment of the in the height adjustable bar	6810	
Turning brake pneumatic at 0° and 180°	6811	
RU-RB-3500-AD, 2 pieces roller conveyor with each 1750mm length	1080700	

## Sash storage system RU-FPA with 2 RU-TFW trolleys with driveable conveyors on each side

For the fast and easy storage and sorting of glazed wood aluminium sashes. To provide every time the correct sash to the following assembly station.

RU-FPA consisting of 2 driveable roller conveyors connected to guiding rails. The distance between the roller conveyors is as wide as one RU-TFW transport trolley and as long as two of these trolleys. The length of the roller conveyors is 1300mm, the height of the rear surface is 1600mm, the rear surface is covered with felt.

(The RU-TFW trolleys have to be ordered separately)

### Technical Data:

Type	Order-Nr.	Case depth	Case height	Case width	Cases
RU-FPA	10587001				
RU-TFW-H-800/80R	10463002	800 mm	2800mm	80 mm	10
RU-TFW-H-800/100R	10471005	800 mm	2800mm	100 mm	8
RU-TFW-H-800/120R	10464004	800 mm	2800mm	120 mm	7
