## Wing commission trolley for door leaves and wings

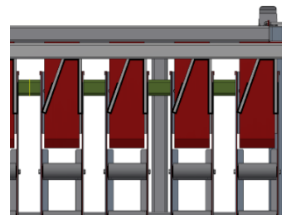

### RU-FKW-R

The commission trolley for safe transport

The **RU-FKW-R** was specially developed for the safe, gentle, clear and ergonomic transport of assembled door leaves. With assembled handle sets and handles, element widths of up to 200 mm are possible.

Thanks to the **compartment dividers** with their flexible compartment width and deep base, the trolley offers the option of preparing the door leaves for hanging with an RU-TE door hanging station.

#### Features:

- Suitable for doors with handles up to 200 mm wide
- 8 compartments with variable width (40–100 mm)
- Sturdy dividers in two heights (500 mm / 1400 mm)
- Gentle PVC rollers for easy handling
- Secure transport lock with fixing board
